Durrotul Hasanah:

We have reached a decision regarding your submission to Indonesian Journal of Medical Laboratory Science and Technology, "Histopathological Profile of The Histopathological Profile of Therapeutic Doses of Methanolic Extract Combination Tea Mistletoe and Mango Mistletoe in Cardiac of Preventive Hypertensive Rats (DOCA-Salt) Model: English".

Our decision is: Revisions Required

Reviewer C:

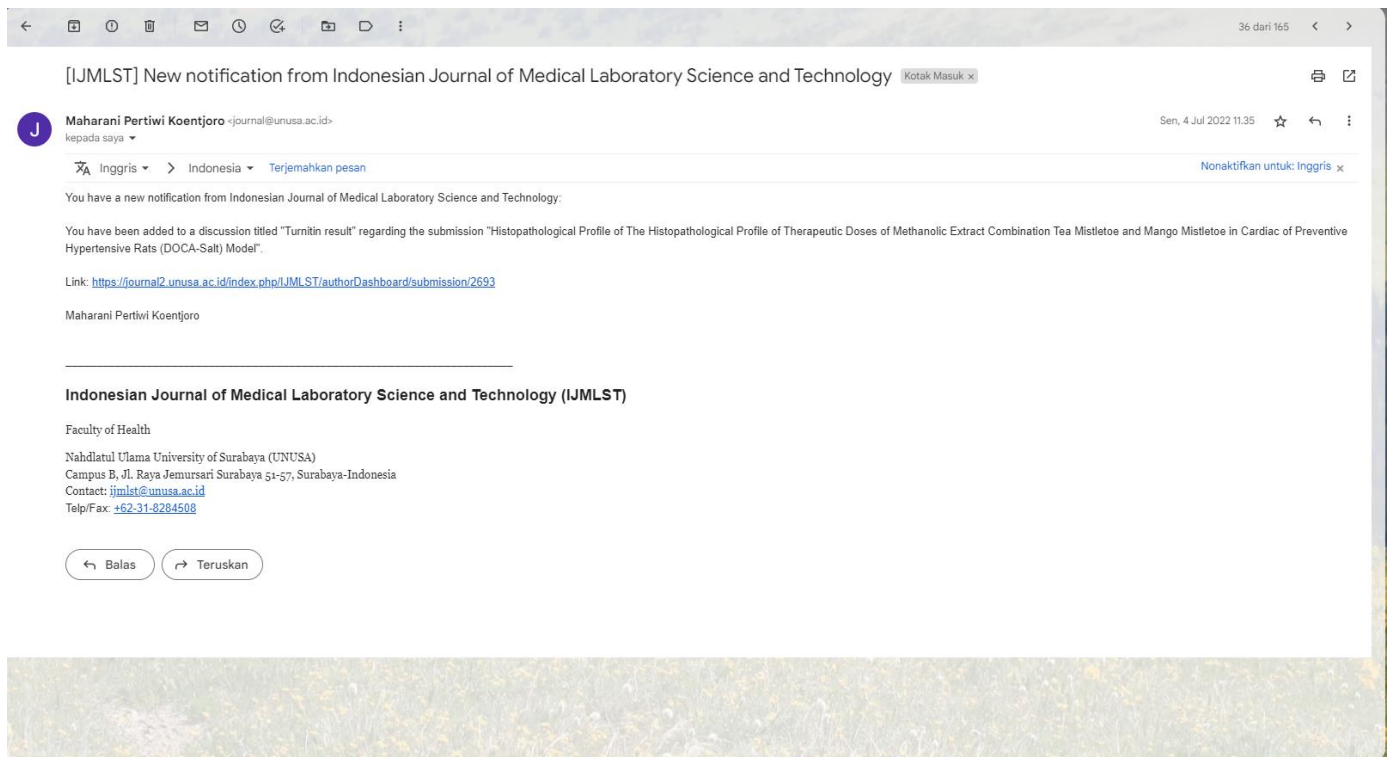

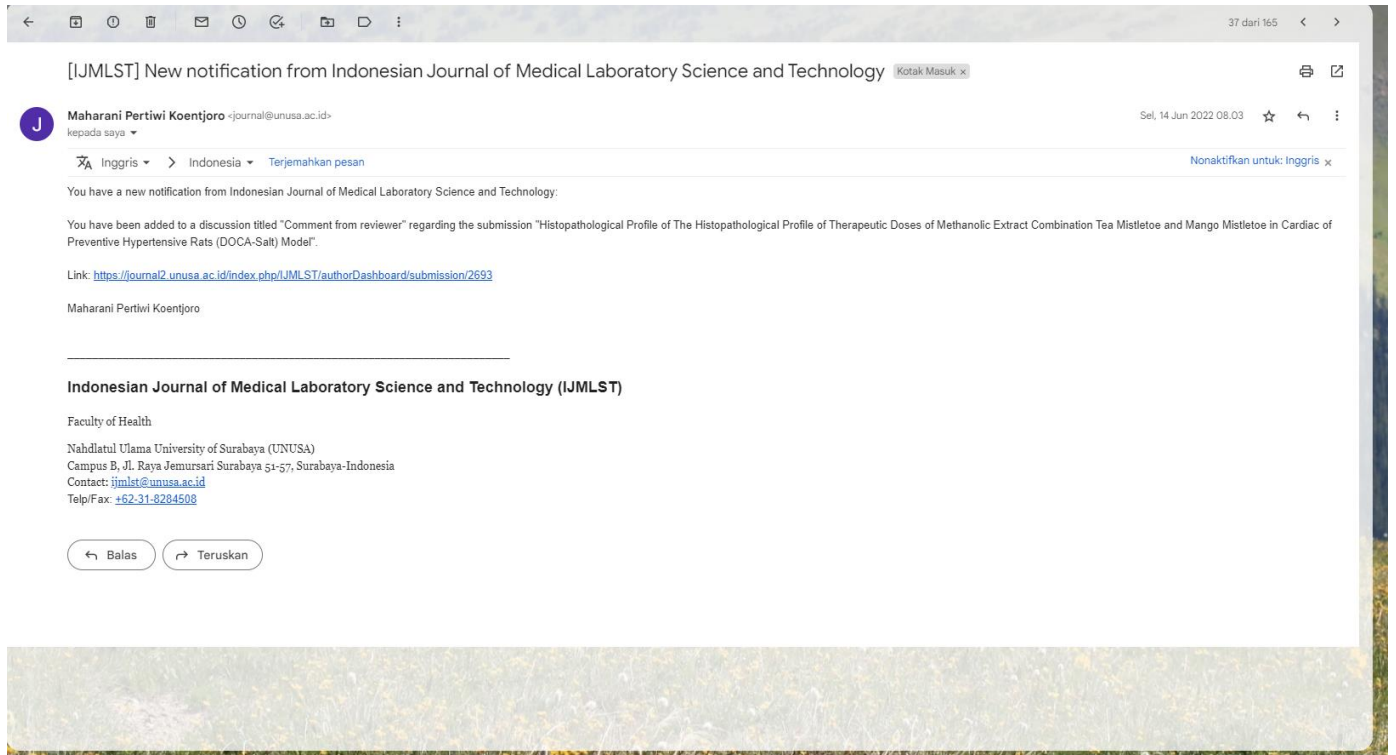

Actually, this manuscript is interesting, but not prepare well and seriously. The English is need to improved and written correctly. Many long-winded sentences with inappropriate word in the manuscript from introduction to the conclusion and affected the real of meaning.

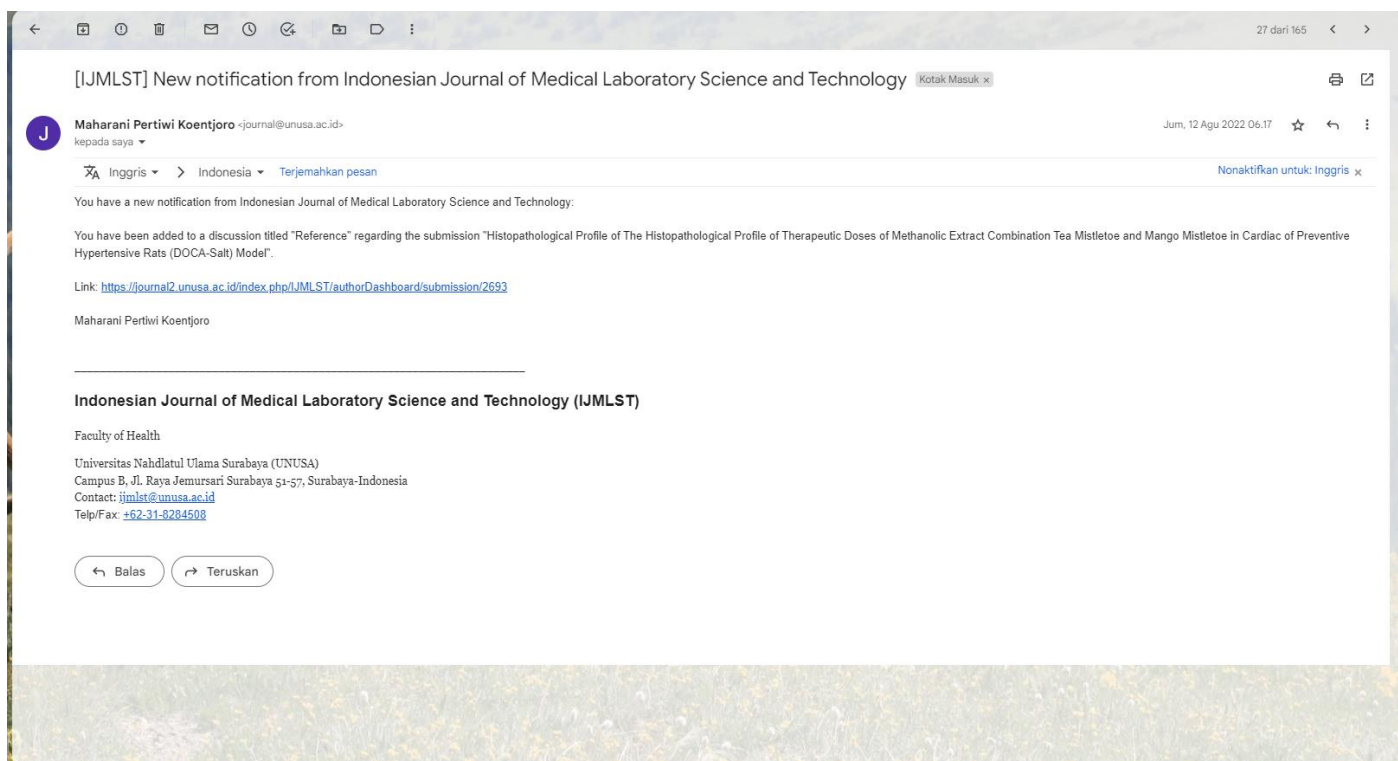

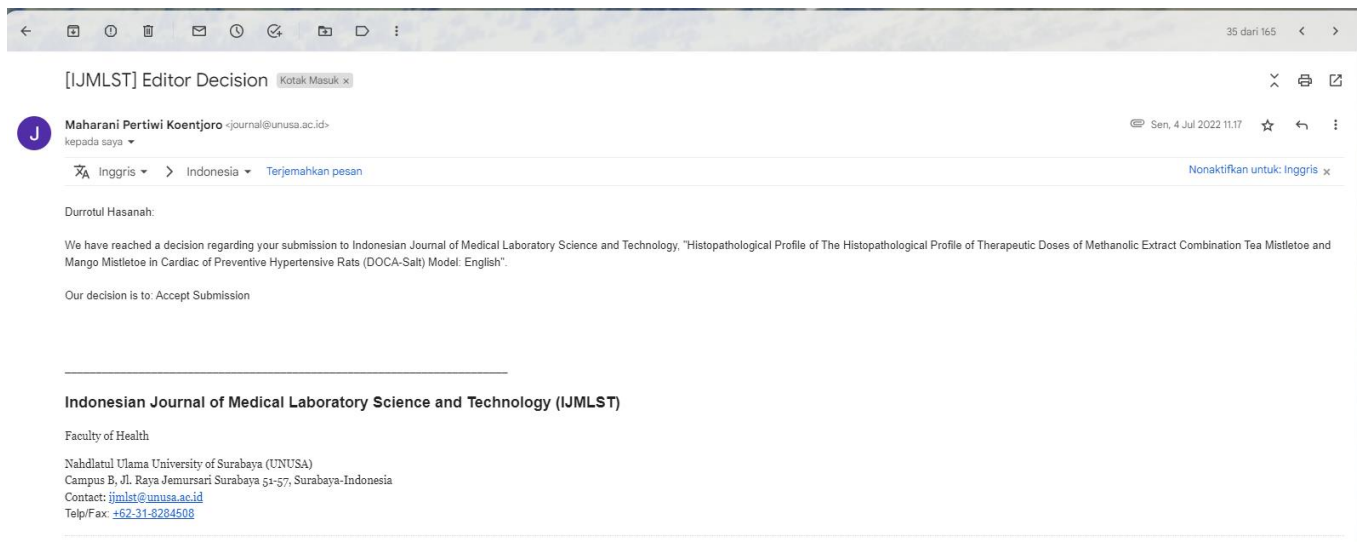

Recommendation: Revisions Required

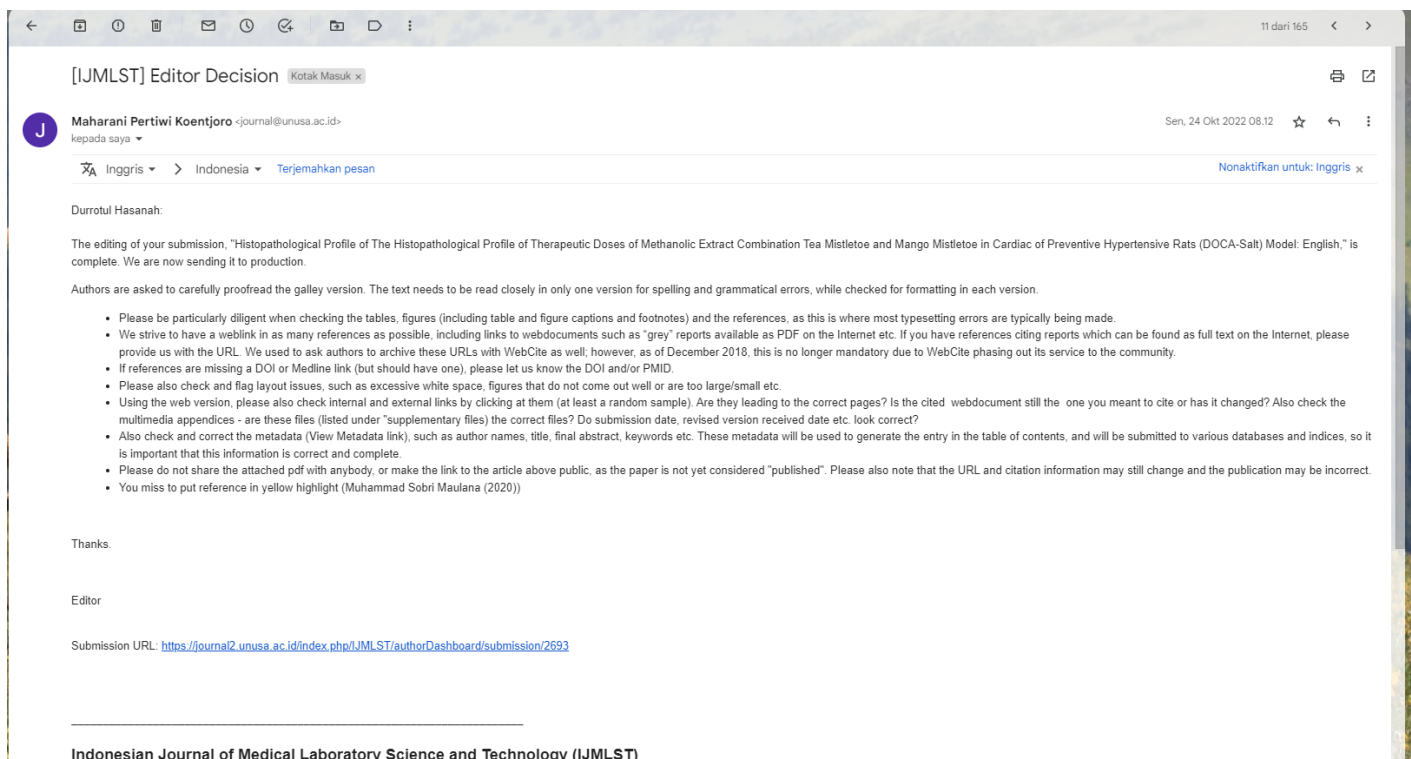

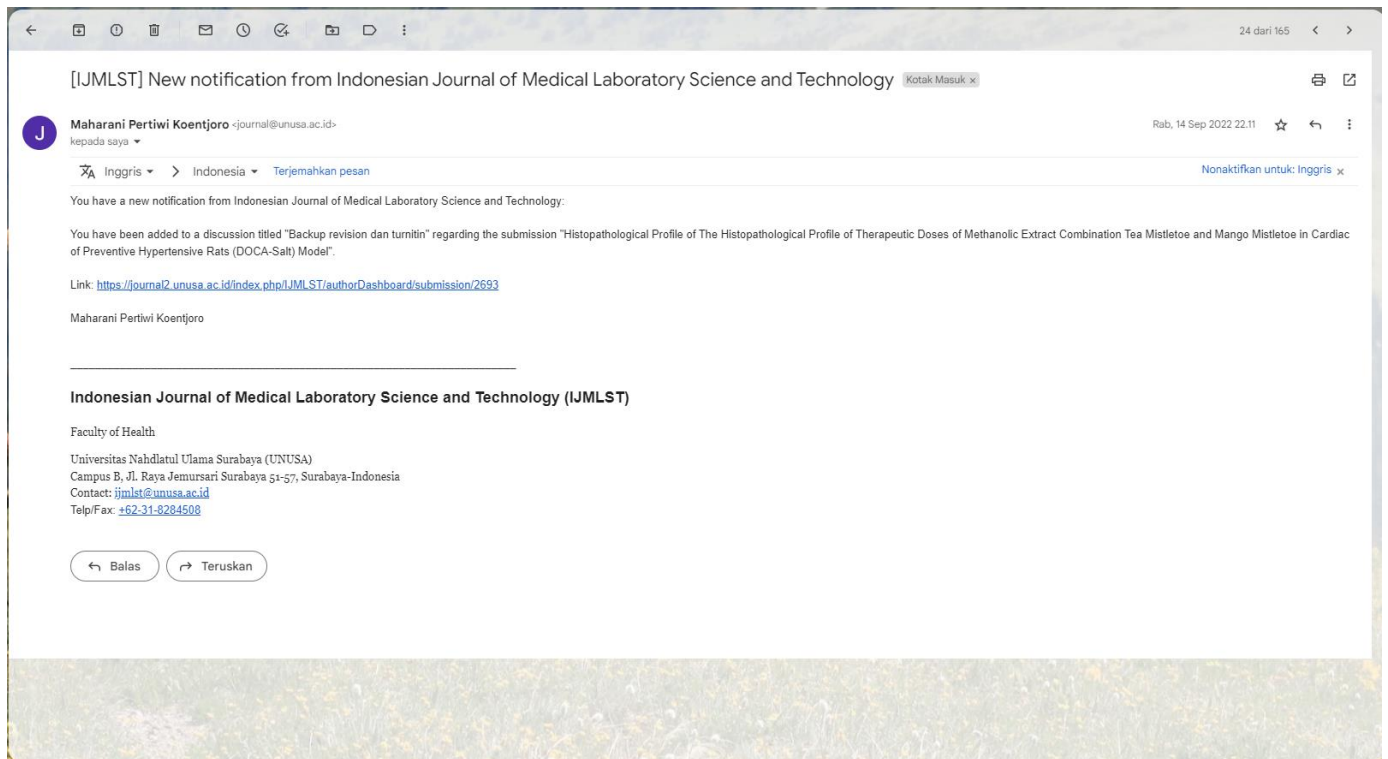

Reviewer E:
